PROJECT EXPERIENCE

Pokemon Battle Simulator | *JavaScript, Express.js, React, MySQL*

October 2024 – Present

- Developed a full-stack web application with Express.js serving a REST API with React as the frontend
- Implemented WebSocket API for real-time battle updates
- Designed and implemented a relational database using MySQL to store Pokémon data, user profiles, and battle logs, optimizing query performance for large datasets
- Created and maintained a database schema to efficiently manage Pokémon stats, abilities, moves, and battle states

WORK EXPERIENCE

E-commerce Associate

October 2023 – Present

Pro Hockey Life

Kitchener, ON

- Streamlined inventory tracking processes using management systems, ensuring accurate accounts of stock
- Collaborated with e-commerce teams to optimize order fulfillment workflows, reducing processing time
- Troubleshoot and resolved discrepancies between digital orders and physical inventory, ensuring seamless synchronization in e-commerce systems.

ADDITIONAL EXPERIENCE

Co-Founder, President

October 2024 – Present

Laurier Korean Students' Association

Waterloo, ON

- Founded the Korean Students' Association, managing and growing a team of over 25 students
- Oversaw all operations, including event planning, budgeting, marketing, and member engagement, ensuring the club's continued growth and success
- Organized and executed large-scale events and cultural activities, increasing student participation and fostering a sense of community
- Developed and managed the club's annual budget, allocating resources efficiently and maintaining financial transparency
- Designed and implemented marketing strategies, leveraging social media and outreach initiatives to boost the club's visibility and increase membership
- Built and maintained relationships with corporate sponsors and community organizations, securing funding and resources for club initiatives
- Represented the club at university events, meetings, and conferences, advocating for student interests and promoting the club's mission
